[REDACTED]

To Whom it may concern,

SUBJECT : DIGITAL IDENTITY LEGISLATION & BILL **\*\*oppose\*\***

[REDACTED] does not consent to the passing of the D.I.L bill and the organisation opposes it.

We have serious concerns over peoples biometric information being private and also the set up and logistics of the governments roll out to assist businesses. The Oversight Authority part 7.4.1 is concerning as it has not been stipulated who that might be as well as the critical roles under the legislation.

We oppose this legislation.

Kind Regards

[REDACTED]
